The University of
Nottingham

Annual Conference of the Tissue and Cell Engineering Society

The University of Nottingham

2-4 July 2008

Abstract Deadline – 7 April 2008

Notification of Acceptance - 25 April 2008

Early Bird Registration - 30 May 2008

**Visit the TCES website for abstract template,
information and registration forms**

Conference Details

The Tissue and Cell Engineering Society (TCES) celebrates its 10th anniversary this year. Over the last 10 years the Society has provided a forum for UK research groups to share research ideas and has contributed to the development of a strong and friendly field in all aspects of cell and tissue engineering. This year's symposium will be held at the University of Nottingham on the 2-4 July within the Centre for Biomolecular Sciences. TCES will be joined by Remedi, an EPSRC Innovative Manufacturing Grand Challenge Project, who are hosting a free pre-symposium workshop to discuss how established bio-science can be transformed into profitable commercial practice and generate affordable therapies while developing the science of manufacture. The main TCES conference will start on the Thursday followed by an EPSRC funded ANGIIONET session on the Friday morning which will focus on angiogenesis in tissue engineering. The final afternoon includes a post-symposium technical workshop, aimed at postgraduate and postdoctoral researchers, which will address imaging in tissue engineering. This workshop is free and is co-sponsored by the Royal Microscopy Society. Further details of the confirmed keynote speakers can be found below. We look forward to seeing you in Nottingham!

Confirmed Keynote Speakers

Wed 2 July – Pre-symposium Workshop on Manufacturing, Scale-up and Automation in Regenerative Medicine (Sponsored by REMEDI)

- Prof David Williams, University of Loughborough, UK.
- Prof Tom Gilbert, The McGowan Institute, Pittsburgh, USA.
- Prof Frank Barry, University of Galway, Eire.

Thurs 3 July – TCES Annual Conference

- Prof Alicia El Haj, University of Keele, UK.
- Prof Dietmar Hutmacher, Queensland University of Technology, Australia.
- Prof Jöns Hilborn, Uppsala University, Sweden.
- Dr Rein Ulijn, University of Manchester, UK.
- Prof Timothy O'Brien, University of Galway, Eire.

Fri 4 July AM – TCES Annual Conference (Sponsored by ANGIIONET)

- Prof Michael Sefton, University of Toronto, Canada.
- Dr Shulamit Levenberg, Technion, Israel Institute of Technology, Israel.

Fri 4 July PM - Post-symposium Technical Workshop on Imaging in Tissue Engineering (Co-sponsored by the Royal Microscopy Society)

- Dr Steve Morgan, University of Nottingham, UK.
- Dr Susan Anderson, University of Nottingham, UK.
- Dr David Wertheim, Kingston University, UK.
- Dr Ying Yang, University of Keele, UK.
- Dr Michael Modo, King's College London, UK.

Conference costs include all refreshments, lunch on all days and the conference abstract book. See registration form for full details.

All abstracts will also be published in European Cells and Materials.

Prizes will be awarded to the three best poster presentations.

The TCES Early Stage Investigator Award will also include a presentation from the recipient.

TCES conference dinner

Thurs 3 July: Senate Chambers, Trent Building, University of Nottingham.

Registration Details

Early Bird Registration - 30 May 2008

Late registration – 13 June 2008
