

Outreach

The objective of the Society's education and outreach activities is to build relationships and encourage dialogue with every organisation and individual with an interest in microscopy and imaging.

[NEWS: The Society launches a competition for Sixth Form students to win a chance to attend emc2012!](#)

[Find out more >>](#)

Whether you are a professional user looking to further your career or a schoolchild using a microscope for the first time, the Society aims to provide support and resources to help you achieve your goals.

[Education & Outreach Committee](#)

The outreach activities of the Society are overseen by a group of members drawn from the Science Sections and the wider microscopy and education community.

[Microscope Activity Kits](#)

Ready to use curriculum-mapped activities and equipment which are free to borrow for a whole term.

[Qualifications](#)

The Society has a commitment to encourage members to improve and develop their skills. Qualifications play an important part in this.

[Career Development](#)

Whether you are seeking to improve your skills or hoping to attend a conference, the Society may be able to help.

[Vice President's Fund](#)

The Vice President's Fund supports projects that are in-line with the Society's objectives and that benefit the public understanding of science or the developing world.

[Awards, Competitions and Prizes](#)

Every two years the Society holds the prestigious RMS International Micrograph Competition. It receives entries from all over the world. Some of the winners can be viewed here.

[Education](#)

The Society is increasing its support to schools - particularly to Key Stages 1 and 2 - and is excited by its new Microscope Activity Kit.

[List of Job Vacancies](#)

With a wide range of vacancies, if you're job hunting it's definitely worth taking a look...

[Microscopes Wanted](#)

If you know of any microscopes that are languishing in cupboards or are ear-marked for disposal, the Society can arrange for collection & put them to excellent use.

[Microscopy FAQ](#)

Frequently asked questions on subjects relating to Microscopy.
