

# Microscience Microscopy Congress

incorporating **EMAG 2019**

1 - 4 July 2019, Manchester Central, UK

## Scottish Microscopy Group Call for Papers

**Join an impressive line-up of speakers in Manchester to highlight and demonstrate the very best in microscopy techniques and applications.**

The Scottish Microscopy Group (SMG) 2019 Symposium will take place at mmc2019. In collaboration with the Microscopy Society of Ireland (MSI), the SMG will be organising two sessions on Tuesday 2 July. Inviting both oral and poster abstracts, these sessions, as well as showcasing new research in Ireland and Scotland, are open to contributions by everyone and aimed at encouraging collaboration.

### SMG & MSI Sessions

- **Exploiting Physical and Beam Probes to Resolve Structure**

Chair: Alison Dun (*Edinburgh Super-Resolution Imaging Consortium, UK*)

- **Trials and Tribulations of Electron and Light Beam Induced Radiation Effects**

Chair: Ursel Bangert (*University of Limerick, Ireland*)

### Invited Speakers

- Ilaria Testa (*KTH Royal Institute of Technology, Sweden*)
- Michael Lherbette (*Heriot-Watt University, UK*)
- Ilke Arslan (*Argonne National Laboratory, USA*)
- Patricia Abellan (*SuperSTEM and University of Leeds, UK*)

**Abstract Submission is now open at**  
**[www.mmc-series.org.uk/abstract-submission](http://www.mmc-series.org.uk/abstract-submission)**

### Key Dates

Registration Opens - January 2019

Oral Abstract Submission Deadline - 15 February 2019

Poster Abstract Submission Deadline - 15 March 2019

Late Breaking Poster Deadline - 3 May 2019
