

Microscience Microscopy Congress
incorporating **EMAG 2019**

1 - 4 July 2019, Manchester Central, UK

Frontiers in BioImaging Call for Papers

Join an impressive line-up of speakers in Manchester to highlight and demonstrate the very best in microscopy techniques and applications.

Frontiers in BioImaging Sessions

- **Label-free Quantitative Optical Microscopy**
Chair: Paola Borri (*Cardiff University, UK*)
- **Biological Applications of Fluorescence Microscopy Beyond the Diffraction Limit**
Chair: Dylan Owen (*King's College London, UK*)
- **Developments in Super-resolution Microscopy**
Chair: Seamus Holden (*Newcastle University, UK*)
- **Light Sheet Microscopy: Imaging Complex Biological Samples in Time and Space**
Chair: Steve Thomas (*University of Birmingham, UK*)

Frontiers in BioImaging Invited & Plenary Speakers

- Klaus Hahn (*University of North Carolina - Chapel Hill, USA*)
- Daniele Fioretto (*Università Degli Studi di Perugia, Italy*)
- Gabriel Popescu, (*University of Illinois Urbana-Champaign, USA*)
- Daniel Davis (*University Of Manchester, UK*)
- Ulrike Endesfelder (*Max Planck Institute for Terrestrial Microbiology, Germany*)
- Suliana Manley (*EPFL, Switzerland*)
- Sebastian Van De Linde (*University of Strathclyde, UK*)
- Willy Supatto (*Ecole Polytechnique, France*)
- Karin Heinze (*University of Würzburg, Germany*)

Abstract Submission is now open at
www.mmc-series.org.uk/abstract-submission

Key Dates

- Registration Opens - January 2019
- Oral Abstract Submission Deadline - 15 February 2019
- Poster Abstract Submission Deadline - 15 March 2019
- Late Breaking Poster Deadline - 3 May 2019

To keep up to date with the whole congress series visit www.mmc-series.org.uk and sign up to receive our e-newsletter
