

Microscience Microscopy Congress

incorporating **EMAG 2019**

1 - 4 July 2019, Manchester Central, UK

Microscopy Society of Ireland Call for Papers

Join an impressive line-up of speakers in Manchester to highlight and demonstrate the very best in microscopy techniques and applications.

The Microscopy Society of Ireland (MSI) 2019 Symposium will take place at mmc2019. In collaboration with the Scottish Microscopy Group (SMG), the MSI will be organising two sessions on Tuesday 2 July. Inviting both oral and poster abstracts, these sessions, as well as showcasing new research in Ireland and Scotland, are open to contributions by everyone and aimed at encouraging collaboration.

SMG & MSI Sessions

- **Exploiting Physical and Beam Probes to Resolve Structure**

Chair: Alison Dun (*Edinburgh Super-Resolution Imaging Consortium, UK*)

- **Trials and Tribulations of Electron and Light Beam Induced Radiation Effects**

Chair: Ursel Bangert (*University of Limerick, Ireland*)

Invited Speakers

- Ilaria Testa (*KTH Royal Institute of Technology, Sweden*)
- Michael Lherbette (*Heriot-Watt University, UK*)
- Ilke Arslan (*Argonne National Laboratory, USA*)
- Patricia Abellan (*SuperSTEM and University of Leeds, UK*)

Abstract Submission is now open at www.mmc-series.org.uk/abstract-submission

Key Dates

Registration Opens - January 2019

Oral Abstract Submission Deadline - 15 February 2019

Poster Abstract Submission Deadline - 15 March 2019

Late Breaking Poster Deadline - 3 May 2019
